

I listen to K-LOVE on 106.7 every day. It is one of only two Contemporary Christian stations that we can receive in this area. This station airs free announcements about Christian events in this area. If this station were to be replaced by a LPFM station of some other format we would have no other Contemporary Christian station to listen to (the other station does not come in well or at all in some areas. Christians in this area depend on K-LOVE 106.7 for Christian Music, Christian Teaching Programs and announcements. Therefore it is in the public interest to keep K-LOVE on the air.
